DESCRIPTION

Upon entering this first-floor flat, you are greeted by a spacious and well-lit hallway that serves as the central circulation point, offering direct access to all rooms.

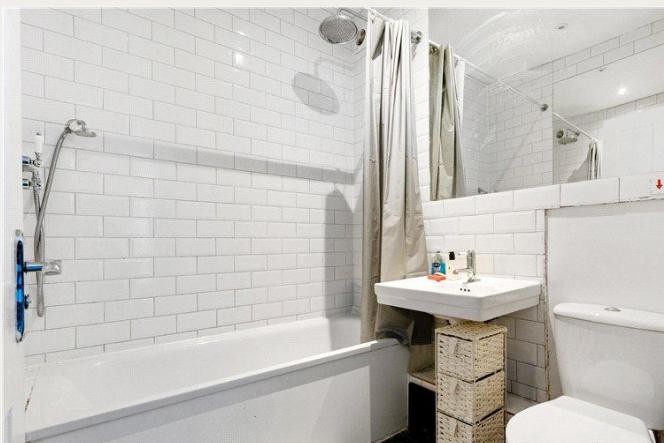

The generous width and natural light create an open feel, further complemented by practical storage space integrated throughout the entrance area.

Situated to the left of the hallway is the kitchen and dining area, which provides a versatile and functional space. The kitchen is fitted with a range of wall and base units providing ample cupboard storage and is equipped with integrated appliances including an electric hob, oven, and fridge freezer. The layout is further enhanced by an abundance of counter space, offering significant room for food preparation and household utility.

The kitchen flows seamlessly into the open plan living room, creating an interconnected social heart of the home. This entire space is illuminated by large, double-glazed sash windows, which flood the room with a wealth of natural light and emphasize the sense of space within the open-plan configuration.

Both bedrooms are generously sized and benefit from double-glazed windows that allow for a great amount of natural light while being offset from the road to increase privacy. Each room comfortably accommodates a double bed along with a combination of both built-in and freestanding furniture.

The bathroom is a clean, white-tiled space complete with a bath and overhead shower, a W.C., and a washbasin. A large wall mirror further opens the room, enhancing the sense of space and light within the suite.
