Inside, the heart of the home is the large open-plan kitchen and dining area. It’s been finished to a high standard with a contemporary design and ample cupboard space. There’s plenty of room for cooking and entertaining, and the wood-burning stove adds a cosy touch. There is a dual aspect Lounge adjacent to this.

At the back of the house is a garden room with double doors that open straight onto the garden which has potential as a home office, playroom, or hobby space. The rear garden is a good size and mostly laid to lawn with a patio area, perfect for summer barbecues.

Also on the ground floor is a stylish utility room with fitted units, space for appliances, and a second sink.

Upstairs, there are three bedrooms. The main bedroom and second bedroom are both good-sized doubles, while the third is a good sized single bedroom which could be used as a Study.

The shower room has been stylishly updated with a sleek, modern finish. It features a high-spec, fully enclosed power shower unit with body jets and a rainmaker shower above, heated towel rail stylish tiles.

One standout feature is the addition of a fully fitted sauna—a rare luxury that adds a real wow factor.
