A delightful 1930s 3 bedroom semi-detached house in the centre of Bath. This house has been in the same ownership for many years and could benefit from some updating.

The property is accessed via a gateway from the street into the front garden and from the front door leads into a porch and from here the main entrance hall. Stairs lead from entrance hall to the upper floor and there are two doorways leading to both the Living room and the Kitchen/dining room at the rear. The Living room at the front is a spacious room with a bay window overlooking the street. The Kitchen/dining room is situated at the rear of the house overlooking the garden. At some point the kitchen wall was removed to create an open plan space. There is also a doorway out onto the rear balcony which affords access via steps down to the garden level.

Upstairs there is a master bedroom with a bay overlooking the front of the property and a second double at the rear. There is also a single bedroom and family bathroom on this level.

There is an undercroft accessed from the rear which has a number of rooms and makes excellent storage space although standing height is restricted.

To the side of there is access to the garage and a gate into the rear garden. The rear garden is Southerly facing and mainly laid to lawn.
