DESCRIPTION

To be completed in Spring 2022, a detached family house built by the award winning local house builder 6a Vision. Within the development site are just three detached houses, all of which are slightly different. The layout can be seen in the floorplan but of particular note is the tremendous kitchen/dining room with an island, many integrated appliances, composite work surfaces and there is a set of double doors to the garden. The sitting room also looks onto to the garden and there is a separate study, utility room and downstairs cloakroom with WC. From the hall, stairs rise to the first floor landing, off which are four bedrooms and a family bathroom. The master bedroom and guest bedroom have their own en suite facilities. Outside, the house is approached by a shared access to the three properties leading to two parking spaces and a detached single carport. The garden is to the rear of the property and is flat, will be laid to lawn and being south facing, will be a sun trap during the summer months. Beyond the bottom of the garden is a local recreation ground. A full Specification of Works is available on request, but essentially the house is to be finished with many modern day conveniences. The property also has the added benefit of being sold with a 10 year Build Zone Warranty. Please note that the internal images are of a similar development which 6a Vision completed in 2020 and that the external images within this marketing material are computer generated images. At this early stage of construction, there may be the possibility of a purchaser

personalising the property by choosing their own tiles, kitchen and bathroom units, floor coverings and paint colours.
