DESCRIPTION

Built in 2016 by the well-respected, local house builders 6a Vision, the property is a detached family home with brick and part tile-hung elevations under a tiled roof and accommodation over three floors. The house is built to an exceptionally high standard boasting concrete floors to the first floor giving incredible sound insulation between the living and sleeping areas. All three floors are served with under floor heating powered by a Highly Efficient Air Source Heat Pump, as is the Hot Water, making this house extremely energy efficient and cost effective on the energy bills and boasting a high B rating which could be enhanced further if one were to install solar water heating and panels. With a deceptively spacious living accommodation, the house has a lot to offer. Of particular note is the tremendous, open-plan kitchen/living/dining room with a central island and two sets of bi-folding doors leading outside; very much the heart of the house. The German designer kitchen boasts a wine chiller, fully integrated Neff Appliances, Quooker hot water tap and Quartz worktops. The utility room has plenty of storage and Miele Washing Machine and Dryer, together with a water softener serving the whole house and direct access to the garage and garden. The main reception room has windows to both the front and back and there is an open fire; an ideal spot to thaw out during the winter months. Also on the ground floor is a downstairs cloakroom with WC and a utility room with a door leading outside. From the hall, stairs rise to the first floor landing, off which are three bedrooms and a family bathroom. The principal bedroom has its own dressing room and en suite bathroom. From the landing, stairs rise to the top floor where there are a further two bedrooms and family shower room. Outside, the house is approached through an electric sliding gate which is equipped with a video entry system that links directly to your smartphone as does the internal heating. This leads to a gravel drive with parking for a number of cars and there is a single attached garage. The main garden is to the rear and is laid to lawn with a large stone terrace, perfect for outside entertaining. The care and attention that has gone into the build of this family home is genuinely superb. Additionally the property has been fitted with CAT 5 wiring and there's the remainder of a 10-year guarantee from December 2016.
