DESCRIPTION:

Set within a quiet cul-de-sac on Knowland Drive, this well-planned four-bedroom detached bungalow offers generous and flexible accommodation over two floors. The property features a private, well-maintained garden, excellent natural light, and a layout suited to both families and downsizers.

The approach includes a shingled driveway with space for multiple vehicles, a turfed area, and access to an integral garage. The front door opens into a striking double-height atrium with a vaulted ceiling, flooding the entrance with natural light. From here, doors lead to the main living areas, two ground floor bedrooms, and a cloakroom.

The kitchen, positioned at the rear, is fitted with NEFF hide and slide electric fan oven, with an above combination oven with microwave as well as a NEFF hob, integrated NEFF dishwasher, integrated fridge/freezer and a Blanco sink below a rear-facing window. Double doors open onto the garden, while an archway links the kitchen to the dining space boasting engineered oak flooring continues through to the dining area and garden room.

The lounge includes a double-height brick fireplace with stone mantle and wood-burning stove, along with a built-in log store. Dual front-facing bay windows bring in plenty of light. The dining area, set between the kitchen and garden room, connects to the garden via bi-folding doors. A second set of bi-folding doors in the garden room enhances the indoor-outdoor connection and provides direct access to the patio and lawned garden.

The principal bedroom, located at the front, includes built-in mirrored wardrobes and a spacious en-suite with bath, separate shower, basin, built-in storage, and heated towel rail. A second generous double bedroom on the ground floor overlooks the garden.

On the first floor, there are two additional double bedrooms set into the eaves, both with dual aspect windows and eaves storage. One room contains the boiler. There is also a family bathroom, with bath, separate shower, mixer tap, and heated towel rail, sits between the two.

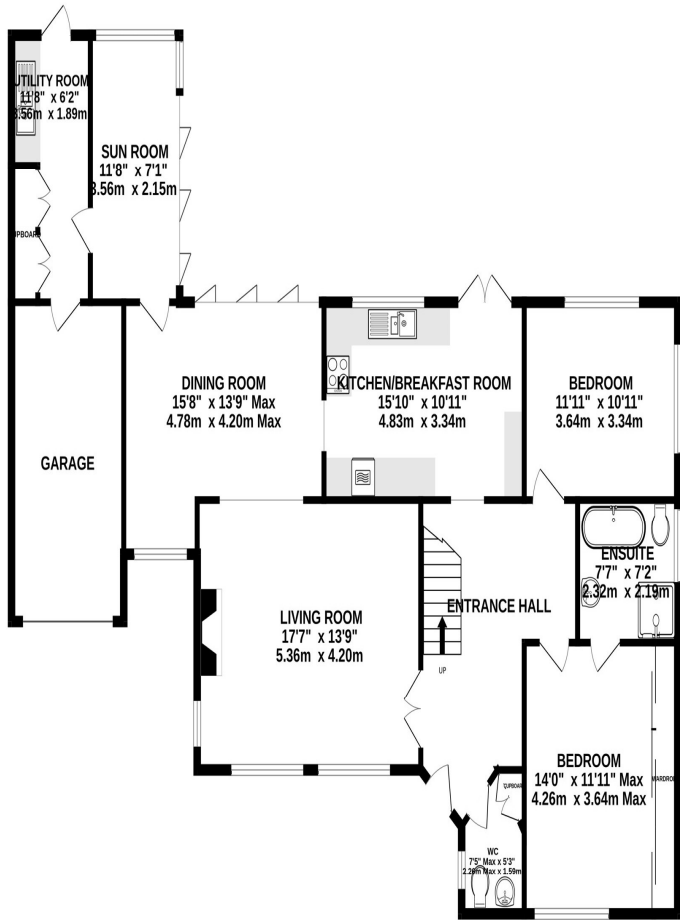

The rear garden enjoys sun throughout the day and features a large patio area spanning the length of the property, level lawn, and a custom-made aluminium pergola, creating a defined space for outdoor dining or relaxation. There are three electric sockets on the external wall. Mature borders surround the garden, which is enclosed for privacy.

The integral garage provides secure parking or additional storage and is accessed from the house via a utility room, which also opens onto the rear garden. The utility room includes additional storage cupboards and an integrated fridge freezer. The fuseboard is located in the garage, with a boarded loft space above for further storage.
